Voices of Impact

Presented by

Deloitte.

Our Voices of Impact Series exposes members of the business community to industry leaders. It opens the possibility to a series of discussions from experts in different fields. This series is presented by Deloitte.

Every two months, five events in 2026

BUSINESSPULSE

We're excited to announce a new quarterly webinar series in partnership with BDC and the Chambers of Commerce of Fredericton and Saint John Region, offered free to our members. Each session will focus on topics that are top-of-mind for entrepreneurs, providing practical insights and strategies to help their business grow. With one webinar each quarter, this series is designed to keep them informed, inspired, and connected to the latest trends and opportunities.

The New Member Breakfast is a quarterly gathering designed to welcome new members and help them navigate the Chamber effectively. This interactive session provides an opportunity to develop and improve networking skills, meet fellow members, and gain a clear understanding of all the benefits of Chamber membership.

AI in the workplace

A man with grey hair and a goatee, wearing a light blue button-down shirt, is smiling and looking towards a white humanoid robot. The robot has blue glowing eyes and is reaching out with its right hand towards the man's hand. They are in a modern office environment with teal and blue lighting. A computer monitor is visible on the desk to the right.

The AI in the Workplace series is a hands-on, business-focused program designed to help Greater Moncton's SMEs adopt practical AI tools across marketing, sales, operations, HR, and leadership.

During the six full-day workshops, participants will learn how to integrate AI into everyday workflows, gain actionable insights, and boost productivity using low-cost, accessible solutions.

For sponsors, this series offers a unique opportunity to connect with engaged business leaders and decision-makers, while positioning your organization as a champion of innovation and productivity.
